The following is an examiner's statement of reasons for allowance: the prior art does not teach or fairly suggest a method as claimed, specifically one comprising steps of generating a list of oligonucleotide sequences of a desired length which yield a set of virtual oligonucleotides, which set is then used to generate a subset according to the recited criteria.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
